

# The Half Day Sea Kayak Trip

Swim and snorkel by the famous sands of Hawaii Beach!

Beautiful scenery, crystal turquoise waters ideal for swimming and snorkeling, this kayak trip has it all! The **Sea Kayak Halkidiki Half-Day Trip** is our most popular Sea Kayak trip departing from Vourvourou, due to the unparalleled beauty found on the nearby Diaporos island. The half-day trip lasts approximately **5 hours**, and allows you to actively enjoy and experience a unique adventure without dedicating an entire day. This is an excellent option for people on limited time, or if you are not sure if the Full Day trip is for you.

Our Half-Day Sea Kayak Trips require little time commitment and minimal fitness, making them great for a group activity. On average this trip includes a 30 minutes preparation time 2,5 hours paddling exploration, 2,5 hours free time for picnic, relaxation, snorkeling, swimming, photographing and more...Snack, picnic lunch, and water are also included.

We start this tour with a short lesson on the beach to go over the elements of kayaking including safety issues, proper paddling techniques, steering and stability tips. Then we start a relaxed paddling in the calm waters of Vourvourou bay, heading over to the **Hawaii beach (aka Myrsini)** on the east side of Diaporos island. There we have our first long rest stop to swim and snorkel in the crystal blue waters of Hawaii beach, relax under the shadows of pine trees and of course enjoy the healthy picnic lunch with local delicacies and fresh fruits of the season! This is what we call a snack with spectacular views! On the way back we have another short rest stop on the shore of one of the south beaches of Diaporos island to get out of the boats, stretch our legs and enjoy a quick refreshing swim. There is always a wide variety of sea-life to learn about including lots of fish, sea urchins, jellyfish, crabs etc. The mountain views are stunning and the guides have lots of interesting info to share.

Please note that the exact details of your trip will depend on both the **weather conditions**, and the other people in the group. In case of bad weather cancellation, you will be provided with an alternative trip at the same cost, or you will be fully refunded.

There is a **minimum number of 2 participants** required for the implementation of this Half Day trip. Sea Kayak Halkidiki reserves the right to postpone or cancel the trip in case of non completion of the required number of participants.
